Photographing Children is the easiest and best way to get a ton of good, fun, people pictures. However, the challenge can be similar to herding cats, especially if you don't speak the language. Children in heavily populated tourist spots in foreign countries often become jaded to the rudeness of tourists who lunge at them with their cameras.

On Photographing People: Pt. 1 Sara Lando is an occasional contributor to Strobist, but is also a commercial photographer based in Milan, Italy. Today, I am very pleased to present the first in her three-part series on photographing people.

People are often more comfortable in familiar surroundings, which makes it easier to get relaxed, natural poses. And of course, people doing their work gives them something to do in your pictures. But if you include the workplace in the picture, make sure that it helps to create a visual statement about the person's occupation. Photographing people you don't know can be a daunting experience. A lot of people are not comfortable with approaching people and asking their permission. But if you can conquer your fear, you could be rewarded with some truly wonderful photographs from your trip.
